CERTIFICATE IV IN ALLIED HEALTH ASSISTANCE

Study With Axial Training To Get The Skills and Succeed

This qualification suits the role of workers who provide therapeutic and program related support to allied health professionals. The worker is required to conduct therapeutic and program related activities. Supervision may be direct, indirect or remote and must occur within organisation requirements. The worker is required to identify client circumstances that need additional input from the allied health professional and may be engaged to work in a specialty area or work generically across the organisation in delivery of allied health assistance services. The worker, in conjunction with the allied health professional, may have responsibility for supervising other allied health assistance workers.

To achieve this qualification, the candidate must have completed at least 120 hours of work as detailed in the Assessment Requirements of the units of competency.

Study Mode	Classroom and Online
Duration of Course	24 Months
Total Units	16 [7 Core & 9 Elective]
